

2045 Bullitt County Comprehensive Plan Land Use Criteria Checklist

Conservation

Intended Land Uses

1. Parks & Natural Areas
2. Agricultural Operations & Activities
3. Single-Family Dwellings (typically about 3+ acres per unit)
4. Supportive Uses (must support or serve an intended use):
 - a. Commercial (must support or serve an intended use, such as an agricultural operation or park)
 - b. Public Uses

Compatibility & Character

1. Development should be rural and reflect the agricultural and/or natural character of the area and be compatible with the impacts from agricultural uses.
2. Open spaces, natural features, environmentally sensitive habitats, and similar areas should be prioritized over non-agricultural land uses.

Please refer to the previous text to illustrate how the requested zoning use fits with the proposed Land Use Designation. If it does not fit with the proposed Land Use Designation please explain why you feel the Land Use designation is incorrect.
